Germany is the seventh largest country in area in Europe, with a total area of 356,970 sq. km. The earliest inhabitants of Germany were the wandering hunters and gatherers about 400,000 years ago. Germany has 3 major natural regions: a lowland plain (north), an area of uplands (central), and a mountainous area (south).

**Did you Know?**
That TUM was founded in 1868, but has its origins dating back to 1833. Munich dates back to Roman times, and is home to English Garden, Europe's largest city park, featuring nude sunbathing. Munich was badly damaged by Allied bombing in WWII, with nearly half the city in ashes by war’s end. Today it has the best electric lighting of any city in Europe.

**Popular Courses of Study**
OSU students studying at TUM have taken courses in engineering, business, architecture, horticulture, natural sciences, education, and more!

**Finding Courses**
Before going abroad, you will need to investigate the courses available at potential host institutions. Here are instructions for finding courses on the Technical University of Munich website:
- For business course descriptions in English go to http://www.wi.tum.de/studium/auslandsstudium/index_html
- Click on Academic year 2007/2008 under ECT information Packet
- For other non-business course descriptions in English go to http://portal.mytum.de/studium/studiengaenge_en/index

**Reciprocal Exchange**
This study abroad program is a reciprocal exchange. A reciprocal exchange is an exchange of students between two universities. You pay tuition and fees at your home university (OSU) while studying at a host university. You pay all other expenses to your host university. For more information on expenses, see the back of this brochure. For more information on reciprocal exchange, a detailed booklet is available from the Study Abroad/NSE Office.
